

Students Policy

Scope

This policy applies to Brook RED Community Members, Nominated Support People, board members, employees, volunteers, and students on placement.

Purpose

To establish guidelines for working with students.

Principles

Brook RED values learning and wishes to provide students with the opportunity to apply the theory and skills they have learned to the workplace. Brook RED understands the unique contribution that students can make to our organisation and the mental health sector as whole. Brook RED wishes to enrich student learning experiences and aims to support students through their placement at Brook RED. We would like to maintain positive partnerships with educational institutions in Queensland and act in a way that supports this.

Policy

Brook RED student placements are lawfully unpaid and meet the criteria for 'vocational placement' defined in the Fair Work Act 2009.

- Placements are time limited (minimum of 200 hours at Senior's discretion).
- Placements can be arranged by the educational or training institution, or a student may initiate the placement with us directly, in line with the requirements of their course.
- There is no entitlement to pay for the work the student undertakes.
- The placement must be done as a requirement of an education or training course in a relevant field. The placement must be a required component of the course as a whole, or of an individual subject or module of the course.
- Brook RED will ensure that placements are authorised to offer training courses under state or territory legislation.

Other requirements:

- Students must be able to relate to a peer work model
- Students must have an understanding of strength-based and recovery oriented approaches to mental health
- Students must have a current Yellow Card/Worker Screening Check
- Students must be actively involved in the Brook RED community during their placement
- Student tasks (with supervision from staff) include: engaging with Community Members and administrative work such as surveys, organisation of groups/workshops, data entry, and projects
- Students will be accompanied by a staff on all Brook RED activities and outings with Community Members
- Students will observe/shadow staff when developing plans with Community Members
- Students will have access to a supervisor (usually the centre coordinator) with whom they participate in supervision, support and guidance/advice

Students Policy

- Any performance issues will be dealt with in partnership with the university/place of study
- Students must complete the necessary paperwork before they commence their placement at Brook RED

Definitions of Terms Used

None
