

NDIS Support Pricing Policy

Scope

This policy applies to Brook RED employees.

Purpose

To set out Brook RED's approach to pricing the supports we provide under the National Disability Insurance Scheme (NDIS).

Principles

Brook RED are committed to pricing fairness and transparency for the people we provide NDIS support to while at the same time understanding that our viability as a going concern and, thus, our ability to provide ongoing and high quality supports relies on pricing appropriately from a business perspective.

Policy

1. Brook RED will only provide NDIS supports which, in its absolute discretion, are priced at a rate which allows us to:
 - recruit, pay, train, and supervise our staff appropriately to deliver a high quality and responsive supports,
 - recoup the costs of administration and oversight required to deliver the supports, and
 - retain an acceptable margin as profit.
2. For Support Coordination (including Coordination of Supports), Community and Social supports, and Short-term Accommodation supports, Brook RED will price at the price controlled rates set out by the NDIS in its Price Guide and Support Catalogue.
3. For Supported Independent Living (SIL) supports, Brook RED will prepare, submit, and negotiate a quote for supports required by the National Disability Insurance Agency. The roster of support and goals outlined in the quote will be developed in collaboration with the people who we support (and, as appropriate, their families or substitute decision makers). The General Manager and/or Business Services Manager are responsible for preparation and negotiation of SIL quotes.
4. For transportation supports, Brook RED will negotiate independently with the people who we support (and, as appropriate, their families or substitute decision makers) to identify a sustainable pricing and delivery approach that is most appropriate for the individual.
